ECPI University | Summa Cum Laude

B.S., Cyber and Information Security Technology June 2026

ECPI University | Concentration: Information and Cybersecurity Operations | Summa Cum Laude

A.S., Computer Information Science April 2025

ECPI University | Concentration: Cyber and information security technology | Summa Cum Laude

PROFESSIONAL EXPERIENCE

IT Systems Administrator - ECPI University, Virginia Beach, VA | October 2025 – July 2026

- Delivered enterprise IT support across five campuses, resolving hardware, software, and network incidents while maintaining operational continuity.
- Managed user lifecycle administration including account provisioning, access control, and role-based permission assignments.
- Led large-scale software deployment initiatives, remotely distributing and validating applications across hundreds of endpoints.
- Strengthened endpoint security posture by configuring host-based firewall policies and enforcing organizational security standards.

Sonar Technician / Security Manager - U.S. Navy, Norfolk, VA | November 2020 – February 2024

- Operated sonar systems, underwater fire control systems, and towed arrays to support navigation, contact tracking, and search-and-rescue missions.
- Served as OK-410 towed array SME; led the ship's first successful system deployment in over nine years.
- Managed control, transfer, and storage of classified material, ensuring 100% compliance with federal security standards.
- Implemented security controls and audit processes that reduced handling discrepancies and improved inspection readiness.

VOLUNTEER EXPERIENCE

Blood Donor Ambassador & Scheduling/Onboarding Specialist - American Red Cross | February 2024 – Present

- Coordinated volunteer onboarding, scheduling, and donor flow operations across high-volume blood drives while maintaining accurate documentation in compliance with HIPAA and safety standards
